NIAGARA FALLS

Dear Peter,

I just wanted to say thank-you once again to you and your team for all the hard work that you all put in for our in-room video shoot.

You really made the experience an enjoyable one and I have already passed your name on to some friends of mine in Hamilton and Toronto for their video needs.

For all the "blood & sweat" poured into our video these past months please enjoy these dinner certificates as a token of appreciation.

I look forward to working with the Omni Media team again in the near future.

All the best,
